FOR IMMEDIATE RELEASE

Nashville, TN - Aspen Entertainment Group announced today the release of their new reality-based hit series ***"Rhythm with Views"*** starring Atticus Ray.

"Rhythm with Views" is currently broadcast on Amazon Prime Video, Apple TV+ and Google Play.

The series follows Atticus Ray, a real estate developer based in Tennessee, who also happens to be one of the best percussion dancers in the world. Hailed by viewers as an entertaining and heartfelt cross between "HGTV" type shows and the film "La La Land," ***"Rhythm with Views"*** brings a new twist to the fixer upper market and home renovation productions.

"It really just brings together two of my biggest passions," Atticus exclaims. "If you think about it, when you flip a home, you have to rely upon so many professional individuals to help that are fully capable of constructing a brand new house. It just makes sense to build from the ground up what buyers are looking for and already have all your equity baked in."

Instead of flipping homes, Atticus sets out on a mission to show people how easy it is to build a brand-new home, and along the way, a dance scene may break out at any time. Set against the backdrop of the Tennessee mountains, ***"Rhythm with Views"*** is engrossing entertainment for the entire family.

"I promise to show everyone a few moves about how easy it is to be their own contractor," Atticus smiles, "while at the same time also showing them a few dance moves."

An award-winning dancer with over 30 years' experience, Atticus has been lauded worldwide. Since his humble beginnings, Atticus has performed for millions and has opened for the Grand Ole Opry with Bill Monroe and the Blue Grass Boys, Hank Williams Jr., Ricky Skaggs, Holly Dunn, and the Bellamy Brothers. Atticus has also worked with Willard Scott, Minnie Pearl and Tom Monaghan, founder of Domino's Pizza.

Inspiring, captivating, and wildly entertaining for any age, ***"Rhythm with Views"*** blends multiple entertainment genres together in a single production providing a fresh perspective to today's sophisticated audience. "This is classic family entertainment presented in a way that educates as it entertains," adds Craig Matus, Chief Executive Officer at Aspen Entertainment. "Just think of Fred Astaire or Gene Kelly working alongside of Bob Vila".

From the Rhythms, to the Views, and everything in between, watch and follow along as Atticus builds his dance productions along with building his houses.
